

# WRITING YOUR GRADUATE SCHOOL PERSONAL STATEMENT

THURSDAY, NOV. 2, 2017 // 7:00-8:00PM  
101 JORDAN HALL OF SCIENCE

Please try to come with a draft of your essay. This can still be at a rough stage, but we want you to work through something concrete.

The workshop starts with a brief discussion of the content of a good essay and what professors look for in particular. Then everyone will spend a little time peer-reviewing each other's essays. Finally the group will reconvene as a group and talk about the most important features we identified.
