

APPLY NOW: 2019 Summer Internship in Research & Development

Are you a scientist with a knack for writing?

Amway R&D is looking for a student with scientific experience who can translate complicated technical details into a simple story.

Our intern will research cosmetic technologies, craft scientific stories for product development, and communicate product science to R&D and marketing peers.

Please email helen.yang@amway.com with your resume and apply online at jobs.amway.com.

Title: Beauty Research Investigator

Location: Grand Rapids, Michigan

Company: Amway

Duration: 12 weeks

Competitive hourly pay”
