

HARVARD FOREST SUMMER RESEARCH PROGRAM IN ECOLOGY

Harvard University's ecological research hub
where undergraduates conduct research and build careers

Harvard Forest Summer Research Program

May 18 – July 31, 2020

We seek a diverse group of undergraduate students from a variety of undergraduate programs across the country to join an immersive research experience, connecting students, mentors, and researchers in the pursuit of scientific inquiry through

Research: *Work collaboratively to solve environmental problems using scientific methods.*

Education: *Bridge from student to scientist: build marketable skills, learn how to use and understand data.*

Community: *Join scientists at a world-class research hub to expand your network.*

11 week paid residential internship opportunity with

- \$6,600 stipend
- full room & board
- travel to/from Harvard Forest

Apply at: <https://harvardforest.fas.harvard.edu/other-tags/reu>

Application Deadline: Friday, February 7, 2020 at 9:00AM EST
